**Warm Greetings, Happy Solstice!**

As we enter the time of winter solstice and begin new cycles for renewed life, we are honored to take this opportunity to thank you for your support and partnership throughout this past year. [The Cultural Conservancy](#) works to restore healthy lands, waters, and peoples through the revitalization of Indigenous ways of knowing and being, and your support helps this good work to thrive.

From our regional food justice work through our [Native Foodways Program](#) and our land tending at [Heron Shadow](#) to our growing community Resource Library and art space in the San Francisco Presidio, we focus on the protection and regeneration of Indigenous lands and lifeways. Heron Shadow is becoming an exceptional new home to our longstanding community work, providing culturally-rooted, hands-on learning opportunities and a place of refuge and learning for community engagement, connection to the land, growing Indigenous foods, and nourishing Indigenous and intercultural relations.

We are happy to share a short video with The Cultural Conservancy's team celebrating some of our good work in 2023!

If you haven't done so already, please consider a [year-end gift](#). Thank you for joining

us in the protection of Indigenous lands and cultures now and into future generations.

*Chi-miigwech, Chioke utte'esia, Yakuzhonday, Yawwiko, Áho, Mahalo, Thank you!*

With deep gratitude,

Sara Moncada  
CEO
